Kindergarten excursion to Symbio
On Wednesday the 30th of July, Kindergarten set off for their first excursion to Symbio wildlife park.
Fully equipped with plenty of food and drink we arrived safely at Symbio and enjoyed our first walk around the park. Students were able to feed the Kangaroos and other animals that roamed freely around their enclosure. We saw a tiger and crocodile. We then watched a reptile show and were able to pet a lizards, tortoises and a really, really, really big python. They fell in love with the wombat which was big and furry and so, so cute.

After a final walk around the park to see the koalas and posies it was all aboard the buses for our trip back to school. Teachers agreed that all 91 students not only had a fantastic time, but were extremely well behaved. They are looking forward to their next excursion. Well done Kindergarten!
